Please stick barcode label on sample-bottle.
Please send a separate Sample Information Form for each sample.
The sample bottle indicates a prepaid analysis of the sample.

Analysis kit:

Reason for analysis :

- ○ Trend-analysis, previous lab number: .....
- ○ Routine control
- ○ First sample after oil type change*
- ○ Damage
- ○ Other reason

.....

.....

.....

* After oil type change: Previous used oil

.....

Sample from: (combination is possible)

☐ Lubrication oil circuit ☐ Control unit

- ○ Steam turbine
  - ○ Dry steam turbine
  - ○ Wet steam turbine
- ○ Water turbine
  - ○ Francis turbine
  - ○ Pelton turbine
  - ○ Kaplan turbine
- ○ Gas turbine
- ○ Combination of gas and steam turbine
- ○ Turbo compressor

- ○ Hydraulic ○ Gear ○ Grease

- ○ Other .....

POWER PLANT LUBRICATION

Unit Id. Number (Please enter a Sample-ID!)

e.g. vehicle registration, inventory number, machine name (max. 20 characters)

Vehicle/ Machine type .....

Vehicle/ Machine manufacturer .....

Lubricant name, Oil brand name .....

Viscosity ..... ○ SAE ○ ISO VG

Lubricant quantity

Top up volume since oil change

Date sample taken (day / month / year)

Date oil changed (day / month / year)

Operating time since oil change ○ hours ○ days ○ months ○ years

Total operating time ○ hours ○ days ○ months ○ years

Oil changed ○ yes ○ no
